THE ther morning the dead body of Rev. J. G. Kitchen was found near Sterling, Glynn County, Ga. He had been shot to death. Glynn County has always had a colored member in the Legislature. At the late election many negroes bolted the negro candidate, thus electing the white man. Rev. J. G. Kitchen was the leader of the boiters. The negroes threatened that he should not live to see the Legislature meet. Taylor Coley, a leading negro, has been arrested on suspicion.

THERE was a peculiar case before the Holsten conference of the Methodist Episcopal Church, Knoxville, Tenn., a few days ago. The Rev. J. F. Austin was on trial for baptizing the body of a dead woman. He claims that it was done at the request of the woman's relatives, but the conference charges that he has some cranky notions on the subject. The matter was referred to a committee.

COLONEL JAMES, lessee of the Louis'sna State Penitentiary, bas sold the unexpired term of his lease to New York capitalists. The New Yorkers will organize a company and utilize the large convict force of the State, averaging from 1,000 to 1,200 ablebodied men, in building levees, redeeming the overflowed and swamp lands of the State, and putting them in tillable condition. They expect to recover several mil-

A HORRIBLE accident occurred at Chattanooga, Tenn., the other morning by which Thos. McBride, bridge superintendent, was killed. He was standing on the track examining it, when an engine of the Belt Railroad struck him. He was decapitated.

THE boiler in the gin house on Fletcher's plantation near Little Rock, exp oded the other day, blowing the engine house to atoms, and instantly killing Frank Waters and fatally wounding his wife. George Chandler, his wife and four others were seriously burned. The people had just arrived, and were warming themselves preparatory to going to work, when the explosion occurred.

THE other morning fire broke out at Franklington, N. C., on the Raleigh and Gaston railway, twenty-eight miles north of Raleigh, and burned sevente-n stores, nearly all of wood. Loss, \$50,000; insurance, \$3,500.

GOVERNOR LEE, of Virginia, received a number of letters appealing to him to commute the death sentence of Thos. J. Cluverius, convicted of the murder of Lilian Madison.

A BIG excursion of land emigrants from the Northwest at Jackson, Tenn., came down on the Illinois Central railroad the other day, bound for various points in Tennessee, Mississippi and Louisiana.

A SPECIAL from Chattanooga to the Louisville Courier Journal says: "Special advices from Sullivan County state that Will H. Fain, clerk and master of that county, has been requested to resign. He is sai to be several thousand dollars short in his accounts and is unable to raise the money. Fain is a leading citizen of that section. The discovery of the supposed shortage created a big sensation."

In Franklin County, Tenn., two young men named Will Hockersmith and Arthur Williams had a quarrel over some work. Hockersmith was in the act of leaving the premises when Williams drew his revolver and shot him dead, three bullets piercing

In Oglethorpe County, Ga., the people are agitated over a sinking in the earth, which has since grown into an immense cave. The farm of Jas. Thompson has been cultivated for generations, having in that time been cleared and worn out three times. While Mr. Thompson was plowing, his mu'e's hind foot slipped and broke the crust of earth. The ground rapidly gave way for a space of about twenty feet square. It was a narrow escape which the plowman had for his life. He tried to fill the hole with rails, but they disappeared from sight. Finally he took a sounding and found the bottom was out of ordinary reach. By peering into the depth water could be seen at its bottom, while the rush of an underground stream was distinctly heard. The cave is shaped like a cistern.

THE old Peckatone manor house, built by Henry Corbin in 1660 in Westmoreland County, Va., and near the Potomac river, was totally destroyed by fire a few mornings ago, with all the furniture it contained. This house was known as the oldest colonial dwelling in the United States. The owner, Mr. H. B. Kirkwood, valued it at \$15,000, on which there was an insurance

of \$5,000. Nine months ago two cousins, John F. and James Rogers, both well-known citizens of Claiborne County, Tenn., fought to the death of the latter, near Compensation post-office, at a shooting-match. The two families have been mortal enemies ever since. The other afternoon John F. Rogers was shot dead from ambush near his own home. The community is aroused, and more bloodshed can not be avoided.

A CONTRACT has been let for building the first twenty-seven miles of the Georgia Central railroad's extension from Goodwater, Ala., to Birmingham. The completion of this gap, with the Memphis and Birmingham road now building, and known as the Kansas City route, which the engineers say will be finished by the 1st of July next, will give the Northwest a direct short line railway connection with the South-

eastern Gulf Coast. A SIX-YEAR-OLD girl in Florida dropped her kitten down a well over fifty feet deep, and at her earnest entreaty her father low ered her down by the well rope. She got her kitten out all right and was pulled up

egain damp but happy. A PANTHER sprang on a negro laborer in the Mississippi swamp above Vicksburg, the other day, and was hugged to death by the stalwart black.

MRS. JAMES M. THOMAS, living at Baltimore, Md., while cooking at a gas stove, a few days ago, set fire to her dress and was

fatally burned. THE Houston & Texas Central railroad will shortly sell 5,000,000 acres of land grants to prevent its reversion to the State. The Emblematic Horseshoe.

And now it is authoritatively stated that the horseshoe is not the emblem of | waich yielded promptly to St. Jacobs Oil. good luck it has so long been supposed. On the contrary, it brings the reverse of luck to people who treasure it. The superstitious will please take notice and cease to pick up this offending piece of iron wherever and whenever they chance to see it, as has long been their custom. One of the greatest scamps on record, a person who would have sold his mother's false teeth if the "fit took him." once said nothing on earth would prevent him stopping to pick up'a horseshoe, for, if he knew his fortune was at stake should he miss a certain train, he would rather loose both than pass this emblem by! It is melancholy to acknowledge he was always a lucky fellow till he died, and then, who can tell whether he was or not? At all events he left a large collection of horseshoes of all sizes and conditions to mourn his loss, and henceforth exercise their thaumaturgical power in some neighboring junk-shop. - Boston Her-

DANGEROUS DRUGS.

How to Control Effectually All Such Horrible Habits. Rochester, N. Y., Post-Express.

A gentleman who has spent the summer abroad, said to our reporter, that the thing that impressed him most of all was the number of holidays one encounters abroad and the little anxiety the people display in the conduct of business affairs. "Men boast here," he said, "that they work for years without a day off; in Europe that would be considered a crime."

would be considered a crime."

Mr. H. H. Warner, who was present at the time, said: "This is the first summer in years that I have not spent on the water. Been too busy."

"Then, I suppose you have been advertising extensively!"

"Not at all. We have always heretofore closed our laboratory during July, August and September, but this summer we have kept it running day and night to supply the demand, which has been three times greater than ever before in our history at this season."

"How do you account for this?"

"The increase has come from the universal recognition of the excellence of our

versal recognition of the excellence of our preparations. We have been nearly ten years before the public and the sales are constantly increasing while our newspaper advertising is constantly diminishing. Why, high scientific and medical authorities, are published to be a consequent that our Warner's

high scientific and medical authorities, now publicly concede that our Warner's safe cure is the only scientific specific for kidney and liver diseases and for all the many diseases caused by them."

"Have you evidence of this?"

"Abundance! Only a few weeks ago Dr. J. L. Stephens, of Lebanon, Ohio, a specialist for the cure of narcotic, etc. habits told me that a number of eminent scientific medical men had been experimenting for years, testing and analyzing all known remedies for the kidneys and liver, for, as you may be aware, the excesliver, for, as you may be aware, the excessive use of all narcotics and stimulants destroys those organs, and until they can be restored to health the habits can not be restored to health the habits can not be broken up! Among the investigators were such men as J. M. Hail. M. D., President of the State Board of Health of Iowa, and Alexander Neil, M. D., Professor of Surgery in the college of Physiciaus and Surgeons and president of the Academy of Medicine at Columbus, who, after exhaustive inquiry, reported that there was no remedy known to schools or to scientific inquiry equal to Warner's safe cure!"

inquiry equal to Warner's safe cure!"
"Are many persons addicted to the use of de dly drugs?"

"T" re are forty millions of people in the world who use opium alone, and there are many hundreds of thousands in this are many hundreds of thousands in this coun ry who are victims of morphine, opiu..., quinine and cocaine. They think they have no such habit about them—so many people are unconscious victims of these habits. They have pains and symptoms of what they call malaria and other diseases, when in reality it is the demand in the system [for these terrible drugs, a demand that is caused largely by plysicians' prescriptions which contain so many dangerous drugs, and strong spirits. many dangerous drugs, and strong spirits, and one that must be answered or silenced in the kidneys and liver by what Dr. Stephens says is the only kidney and liver specific. He also says that moderate opium and other drug eaters, if they sustain the kidney and liver vigor with that great remedy, can keep up these habits in moderation."

eration "Well does not this discovery give you a new revelation of the power of safe

"No, sir; for years I have tried to convince the public that nearly all the diseases of the human system originate in some disorder of the kidneys or liver, and hence I have logically declared that if our specific were used, over ninety per cent. of these ailments would disappear. The liver and kidneys seem to absorb these poisons from the blood and become deprayed and diseased."

"When these eminent authorities thus publicly admit that there is no remedy like ours to enable the kidneys and liver to throw off the frightful effects of all deadly throw ou the frightful effects of all deadly drugs and excessive use of stimulants it is an admission of its power as great as any one could desire; for if through its influence alone the opium, morphine, quinine, cocaine and liquor habits can be overcome, what higher testimonial of its specific power could be asked for ?"

"You really believe then, Mr. Warner

"You really believe then, Mr. Warner, that the majority of diseases come from kidney and liver complaints?"
"I do! When you see a person moping and groveling about, half dead and half alive, year after year, you may surely put him down as having some kidney and liver trouble."

"The other day I was talking with Dr. Fowler, the eminent oculist of this city, who said that half the patients who came to him for eye treatment were affected by advanced kidney disease. Now many people wonder why in middle life their eye sight becomes so poor. A thorough course of treatment with Warner's safe cure is what they need more than a pair of eye glasses. The kidney poison in the blood always attacks the weakest part of the body; with some it affects the eyen; with others the head; with others the stomach or the lungs, or rheumatic disorder follows and neuralgia tears them to pieces, or they lose the powers of taste, smell or become impotent in other functions of the body. What man would not give his all to have the vigor of youth at command?" "The other day I was talking with Dr.

would not give his all to have the vigor of youth at command?"

"The intelligent physician knows that these complaints are but symptoms; they are not the disorder, and they are symptoms not of disease of the head, the eye or stomach, or of virility, necessarily, but of the kidney poison in the blood and they may prevail and no pain occur in the kidneys."

may prevail and no pain occur in the kidneys."

It is not stronge that the enthusiasm
which Mr Warner displays in his appreciation of Lis own remedy, which restored
him to health when the doctors said he
could not live six months, should become
infectious and that the entire world should
pay tribute to its power. For as Mr. Warner says, the sales are constantly increasing, while the newspaper advertising is
constantly diminishing. This speaks volumes in praise of the extraordinary merits
of his preparations. of his preparations.

2: TYCOBS OIL

FOR RHEUMATISM.

MARVELOUS EXPERIENCES Suffered 30 Years and Cured.

New Bioomfield, Perry Co., Pa.

I wish to inform you of a most miraculous and marvelous circumstance. For more than thirty years I have been affilieted with rheumatism, from which I suffered so severely that at times it was impossible for me to get from my home to the office, only a few steps away. I had to resort to the use of morphine to secure rest at night; I stent hundreds of dolars with different physicians and tried every known remedy without deriving any benefit whatever. Five years ago, I was induced to try St. Jacobs Oil, which effected an entire and permanent cure, and I have not been troubled with this dreafful disease since. Cold nor damp weather does not effect me at all.

Clerk, Courts of Perry County, Pa.

Remarks of an Eminent Divine.

Uleveland. Ohio.

I am pleased to say that the use of St.
Jacobs Oli has benefited me greatly and I have no hesitation to recommend it to all as an excellent curative.

Catarrh

Is a complaint which affects nearly everybody, more or less. It originates in impure blood, and is aggravated by taking cold. Disagreeable flow from the nose, tickling in the throat, offensive breath, pain over and between the eyes, ringing and burst-ing noises in the ears, are the more common symptoms. Catarrh is cured by Hood's Sarsaparilla, which strikes directly at the cause by removing all

impurities from the blood.
"I had catarrh nine years, and suffered terribly with it. Soon after I began to take Hood's Sarsa-parilla the catarrh troubled me less, and after taking three bottles I was entirely cured." JANE

HINEY, Lumberton, Clinton County, Ohio,
"I have taken Hood's Sarsaparilla for catarrh and think it has done me a great deal of good. I recommend it to all within my reach. Hood's Sarsaparilla has been worth every thing to me." LUTHER D. ROBBINS, East Thompson, Ct.

A GREAT ENTERPRISE.

THE CENTURY MAGAZINE, with its enormous circulation (edition of November number is a quarter of a million) and great resources, has never undertaken a greater work than the one which will be its important feature during the coming year. This is a history of our own country in its most critical time, as set forth in

THE LIFE OF LINCOLN,

BY HIS CONFIDENTIAL BECRETARIES, JOHN G. NICOLAY AND COL. JOHN HAY. This great work, begun with the sanction

and to them were transferred upon Lincoln's death all his private papers. Here will be told the inside history of the civil war and of President Lincoln's administration,-important details of which have hitherto remained unrevealed, that they might first appear in this authentic history. By reason of the publication of this work,

THE WAR SERIES, which has been followed with unflagging interest by a great audience, will occupy less space during the coming year, but will by no means be entirely omitted. Stories of naval

engagements, prison life, etc., will appear. . NOVELS AND STORIES include a novel by Frank R. Stockton, two novelettes by George W. Cable, stories by Mary Hallock Foote, "Uncle Remus," Edward

Eggleston, and other American authors. SPECIAL FEATURES
(with illustrations) include a series of articles on affairs in Russia and Siberia, by George Kennan, author of "Tent Life in Siberia," who has just returned from a most eventful who has just returned from a most eventual visit to Siberian prisons; papers on the Labor Problem; English Cathedrals; Dr. Eggleston's Religious Life in the American Colonies; Men and Women of Queen Anne's Reign, by Mrs. Oliphant; Clairvoyance, Spiritualism, Astrology, etc.; Astronomical papers; articles on Bible History, etc.
